

In-Your-House Gourmet

Not all parties have to be with your hundred closest friends.

Your 15th anniversary with that special someone calls for something special. You want 15 courses for each year of the love that you shared.

It's your turn in the Cabernet wine club to host all of the members for tapas. Why stress?

You want to have some of the girlfriends over for cooking classes with our executive chef?

The event or the number of people can't shake our expert staff. We can cater to your every need. Even if you want the party to happen on your private boat, beach, or other location.

Parties and needs are different so pricing will vary by event.
